Advances In

Database

Extending Database Technology (EDBT) is an established and prestigious forum for the exchange of the latest research results in data management. It provides unique opportunities for database researchers, practitioners, developers, and users to explore new ideas, techniques, and tools, and to exchange experiences.

Advances in

Database

Technology - EDBT

2006 | SpringerLink

The biannual EDBT has established itself as the premier European database conference. It provides an

international forum for the presentation of new extensions to database technology through research, development, and application. This volume contains the

Computer Science

Database

scientific papers of the
conference.

2000 7th

Advances in

International

Technology — EDBT

'94 | SpringerLink

Introduction. EDBT

2000 is the seventh

conference in a series

dedicated to the

advancement of

database technology.

This year's conference

special theme,

Connect Millions of

Users and Data

Page 10/35

Lectures In
Computer Science

Online Library

Advances In

Database

Sources," underscores the importance of databases for the information age that is dawning with the new millennium. The importance - rives not just from the observation that the information age essentially rests on the convergence of communications, computing, and storage. Equally important, many of the concepts ...

Technology — EDBT

2000 | SpringerLink

Introduction. This book

presents the refereed

proceedings of the

Fifth International

Conference on

Extending Database

Technology, EDBT'96,

held in Avignon, France

in March 1996. The 31

full revised papers

included were selected

from a total of 178

submissions; also

Page 12/35

Computer Science

Online Library

Advances In

Database

included are some

Industrial-track papers,

contributed by partners

of several ESPRIT

projects.

Conference On

Advances in

Database

Technology — EDBT

'96 | SpringerLink

EDBT 2004 had the

theme “new challenges

for database

technology,” with the

goal of encouraging

researchers to take a

greater interest in the

Computer Science

Online Library
