any devices to read.

Sacred Texts contains the web's largest collection of free books about religion, mythology, folklore and the esoteric in general.

Calculus Gems Simmons

These are wonderful stories of great thinkers, and, to my relief, Mr. Simmons walks us through derivations of many famous formulas and discoveries. Do not fear that this is all calculus--much of the book is brilliant algebra, geometry, and number theory, and fully comprehensible by anyone with a good non-calculus high school education.

Calculus Gems: Brief Lives and Memorable Mathematics

...

In the first half of the book, Mr Simmons takes us through the lives of 33 of the most notable mathematicians on history, from
