The Republic of China (ROC) was a sovereign state based in mainland China between 1912 and 1949, prior to the relocation of its government to the island of Taiwan. It was established on 1 January 1912 after the Xinhai Revolution, which overthrew the Qing dynasty, the last imperial dynasty of China.. The Republic's first president, Sun Yat-sen, served only briefly before handing over the ...

Republic of China (1912-1949) - Wikipedia

The one-child policy was part of a birth planning program designed to control the size of the rapidly growing population of the People's Republic of China. Distinct from the family planning policies of most other countries, which focus on providing contraceptive options to help women have the number of children they want, it set a limit on the number of births parents could have, making it the ...

One-child policy - Wikipedia

Background. Pregnancy and subsequent childbirth are perceived as a matter of life and death in resource limited-settings. Consequently, childbirth fear is inevitable in pregnant women as they embark on a perceived death-defying journey to motherhood [].According to a 2018 study in Malawi, more than 60% of pregnant women reported moderate to high childbirth fear; illiterate, unemployed, and ...
