Feminism, the belief in social, economic, and political equality of the sexes. Although largely originating in the West, feminism is manifested worldwide and is represented by various institutions committed to activity on behalf of women's rights and interests. Learn more about feminism.

feminism | Definition, History, & Examples | Britannica

Feminist analyses of the public/private distinction include both internal challenges, which most feminists accept, and external challenges, which some feminists endorse and others criticize or reject.

Feminism and the Public/Private Distinction

This chapter outlines major developments shaping contemporary debates about religion and secularism in public and political life and the role of women and feminism therein. It considers, from a gender perspective, debates in normative political theory about religion, secularism, and the Habermasian public sphere.

Secularism, Feminism, and the Public Sphere - Oxford Handbooks

Central to the feminist perspective is that men dominate the public sphere whereas women are essentially relegated to the private sphere. This dichotomy has served to entrench the patriarchal system and ensure the oppression of women. For instance, women find it difficult to raise issues that impact upon them.

Feminism: Public and Private Sphere | Politics | tutor2u

This timely book illuminates the movement's importance to the broader women's movement and discusses the public policy implications of this activism. Maria Bevacqua locates the roots of rape consciousness, traces the evolution of an anti-rape ideology on the feminist agenda, describes how the rape issue moved to the wider public agenda, and ...
