Sociolinguistics: An Introduction to Language and Society

...

Suzanne Romaine takes the reader on a whirlwind tour of the field of sociolinguistics. The role of society in language use is examined from many different angles. Since this is an introductory book, it doesn't go into each subfield very deeply, but it does give you a broad overview of what we study in this field.

Language in Society: An Introduction to Sociolinguistics

...

Sociolinguistics is the academic study of the relationship between language and society. That's a vast topic to say the least! Peter Trudgill, though, manages to offer us here a straightforward introduction to it all. First of all, he tackles, simply, monolingual societies.

individual user and within and among groups of speakers who use the same language.

Sociolinguistics - Language, Dialects and Society

Given the social role of language, it stands to reason that one strand of language study should concentrate on the role of language in society. Sociolinguistics has become an increasingly important and popular field of study, as certain cultures around the world expand their communication base and intergroup and interpersonal relations take on ...

An Introduction to Sociolinguistics - Yola

An Introduction to Sociolinguistics for the Language Learner When we study languages, we often focus on the language itself. The grammar, the vocabulary, the pronunciation, and so on. Sociolinguistics, however, give you the chance to look at the context within which the language is spoken rather than the mechanics of the language itself.

An Introduction Sociolinguistics and its Importance in ...

This is an introduction to sociolinguistics (the study of how people use language in social settings) in its broadest sense, beyond the narrow sense commonly used in the United States of issues in dialectology, historical linguistics, and bi- and multilingualism, although these are discussed as well, so as to
