Most free books on Google Play are new titles that the author has self-published via the platform, and some classics are conspicuous by their absence; there's no free edition of Shakespeare’s complete works, for example.

**Victory Deferred: How AIDS Changed Gay Life in America**

Victory Deferred, the most comprehensive account of the epidemic in more than ten years, is the history of both the destruction and transformation wrought by AIDS. John-Manuel Andriote chronicles the impact of the disease from the coming-out revelry of the 1970s to the post-AIDS gay community of the 1990s, showing how it has changed both individual lives and national organizations.

**Victory Deferred: How AIDS Changed Gay Life in America** ... Victory Deferred looks at how AIDS has changed both individual lives and national organizations. It
tells the story of how a health crisis pushed a disjointed jumble of local activists to become a national visible and politically powerful civil rights movement, a full-fledged minority group challenging the authority of some of the nation’s most powerful institutions.
